Division II Track and Field Meetings
Convention/Annual Meeting

Purpose
The USTFCCCA Convention serves as the annual business meeting for USTFCCCA Division II Track and Field.

Attendance Requirement
Attendance at the convention/annual meeting is mandatory for all Division II Track and Field Officers, Conference Representatives, and other members of the Executive Committee. Those who will not be able to attend should notify the Division II Track and Field President as soon as possible.

Business
The general policy of business shall be:
(a.) The secretary's report
(b.) The president's report
(c.) Committee reports
(d.) Unfinished business
(e.) New business

The Division II Track and Field business meetings follow the Bylaws of the U.S. Track & Field and Cross Country Coaches Association, the Operating Bylaws of the NCAA Division II Program Membership Divisions, and this Handbook. When a procedural question is not defined within these documents, the Division II Track and Field business meetings follow Robert's Rules of Order, Newly Revised.

Items of Business

Submission of Proposals
The Secretary shall ensure that proposals may be submitted online at any time, through the USTFCCCA website, and that calls for proposals are made once per quarter throughout the year.

The Division II Track & Field President shall ensure that all submitted proposals are distributed to the Executive Committee and that the submitter of each proposal is scheduled to present their proposal to the Executive Committee. The Executive Committee shall review and discuss each proposal after it has been presented by the submitter. All proposals received on or after December 1 of each year shall not be scheduled for presentation to the Executive Committee until after January 1 of the next year.

The Executive Committee may, by majority vote, amend a submitted proposal at any time prior to taking a position on the proposal. No further amendments to the proposal may be made by either the Executive Committee or the general membership after the Executive Committee has taken a position on the proposal; however, the Executive Committee, upon a majority vote, may submit an alternate version of a proposal to the general membership for consideration. If the proposal is adopted by the general membership, the alternate version submitted by the Executive Committee will become moot.
The Executive Committee has three possible actions to take following their discussion of the proposal:

1. The Division II Track and Field President may assign the proposal to a standing committee or create a committee or working group to review the proposal and provide a recommendation to the Executive Committee
2. The Executive Committee may postpone the proposal until a future meeting in order to allow more time for discussion, to gather additional information, or to gather feedback from the membership or an outside party
3. The Executive Committee may vote on the proposal (a quorum is required)

When the Executive Committee takes action on a proposal, the Secretary shall ensure that the proposal and said action are made available to the membership through the USTFCCCA web site.

The Executive Committee’s action shall stand as the position of the membership on any proposals that require a response prior to the next convention. A majority vote of the Executive Committee members present under a quorum may move to designate a proposal as requiring a response prior to the next convention. The Secretary shall ensure that the proposals requiring a response prior to the next convention and the Executive Committee’s decision are made available to the membership prior to the next Executive Committee meeting.

For all other proposals, once the Executive Committee votes upon a proposal; said proposal is deemed an agenda item and will be assigned to a member(s) of the Executive Committee to present the agenda item, and the Executive Committee’s position on said proposal, to the membership.

Once an agenda item has been presented to the membership at convention, the Division II Track and Field President shall allow for a pre-determined period of discussion on the item. If the Executive Committee had previously voted in favor of the agenda item, then said item would be placed on the voting ballot for the membership at the current Convention. If the Executive Committee voted to oppose an agenda item or takes no action on an agenda item, then the opinion of the Executive Committee stands as the position of the membership, unless the agenda item receives a motion from the floor to place the item on the voting ballot at that convention, a second, and a majority vote from members present at the meeting (vote shall be conducted by voice, if the decision of the membership is not clear then a vote shall be conducted by rising).

All proposals received prior to the final Executive Committee conference call of the calendar year to be considered at convention shall be made available to the Division II general membership prior to the start of the convention.

**Voting**

Members must be present to vote at convention. Voting is a Membership Vote, unless the Track and Field President and/or a plurality of the Executive Committee calls for a Unit Vote. All voting will take place on the final day of convention during the Division II Track and Field Voting Session.

Division II Track and Field Rankings
Indoor Track and Field

Division II indoor track and field regional and national computer rankings are released by the USTFCCCA national office on Tuesdays during the indoor track and field season. Dates are predetermined by the Division II Track and Field Executive Committee.

Rankings will be released weekly on Tuesdays beginning with a preseason ranking, followed by seven (7) regular season rankings. The final regular season ranking is released the Tuesday prior to the NCAA Division II Indoor Track and Field Championships and is reflective of entries into the NCAA Division II Indoor Track and Field Championships. The final team ranking is released the Monday following the conclusion of the NCAA Division II Indoor Track and Field Championships.

The national rankings are based on awarding points and bonus points to season-best performances from the NCAA descending order lists of performances. The regional team index is scored using the current national-team ranking formula as if there were separate regional championships across the country. The rankings are compiled using performance data submitted to the Track and Field Results Reporting System (TFRRS).

Eligibility: On a weekly basis, only marks reported to TFRRS by Monday morning at 7 a.m., Central Time, are eligible for consideration in that week’s national or regional rankings. Programs must be eligible for listing on the NCAA “qualifying lists” to be eligible for national or region rankings. A program must be in good membership standing with the USTFCCCA in order to be eligible for rankings. The preseason ranking and Week 1 rankings are considered a “grace period” for USTFCCCA membership status. Non-member programs will be listed on these reports in RED indicating their non-member status. After these two rankings, non-member programs will not be listed in USTFCCCA rankings.

Outdoor Track and Field

Division II outdoor track and field regional team and national computer rankings are released by the USTFCCCA national office on Tuesdays during the outdoor track and field season. Dates are predetermined by the Division II Track and Field Executive Committee.

Rankings will be released weekly on Tuesdays to consist of eight (8) regular season rankings. The final regular season ranking is released the Tuesday prior to the NCAA Division II Outdoor Track and Field Championships and is reflective of entries into the NCAA Division II Outdoor Track and Field Championships.
