

Central Arizona College Wins the 1988 Men's Cross Country Title

The 1988 National Cross Country Championship was held November 12, 1988, at Twin Falls, Idaho. The host school, College of Southern Idaho, entertained 202 men and 150 women for this year's championship. The course, a mixture of hills and flat terrain, made the five mile men's course and three mile women's course both scenic and challenging.

Central Arizona College, Coolidge, AZ, took the men's title, outdistancing runner-up Central Oregon Community College, a first year program, by a margin of 56-67. Central Arizona's runners all finished in the top twenty-five, making their bid for the National Championship almost inevitable. The NJCAA Men's Coach of the Year was George Young of Central Arizona. The individual winner in the Men's Division was Mbarak Hussein of South Plains College, TX, with a time of 25:14.8.
